

August, 2010

Dear Friend of Putnam CAP:

Putnam Community Action Program is participating in a state-wide Community Action initiative entitled [\*“Everybody’s Baby Shower”\*](#). This project promotes the healthy development of infants and toddlers by supplying basic infant needs, supporting families, creating more community awareness of childhood poverty, and opens the door to providing educational materials relevant to infant and toddler health and safety to parents accessing our agency programs.

Items will be collected by Putnam CAP throughout the month of September and will be distributed in October through our partner agencies:

- **Birthright**
- **Putnam County Dept. of Health/WIC Program**
- **The Women’s Resource Center.**

We’re asking you to assist us in this important initiative by getting the word out, holding baby showers, posting the enclosed flyer on your bulletin board or mentioning it in your printed and online bulletins. [\*“Everybody’s Baby”\*](#) is registered at Babies ‘R Us (First Name: Everybody, Last Name: Baby, Address: 121 Main St., Brewster) for your shopping convenience, but basically any **new** infant, baby or toddler items are appropriate for [\*“Everybody’s Baby Shower”\*](#).

Items will be accepted at the CAP office at 121 Main Street in Brewster beginning Tuesday, September 7, 2010. Please join with us and our partner agencies to make this a success for Putnam County’s youngest residents. **They need our help!**

If you’d like more information, please call the Putnam CAP office at 845-278-8021. On behalf of [\*“Everybody’s Baby”\*](#), I’d like to offer sincere thanks for your generosity.

Regards,

Judy Callahan  
Director, Putnam Community Action Program
